KEYS & REMOTES

REMOTE REPAIR SERVICE

Keys and remotes can be dropped, put through the wash or they can simply wear out over time. Our Remote Repair Service allows you to have your existing remote control or key repaired instead of being forced to purchase a new more costly product from a dealership.

Our expert technicians can repair the following issues:

- **Damaged transponders**
- **Broken buttons/switches**
- **Snapped key blanks**
- **Water damage**
- **Corroded circuit boards**
- **Broken contacts**

Please contact our sales team at www.maparts.com.au or call 1300 30 80 60
